USB 3.2 Gen 1/3.1 Gen 1 USB Flash Drives

JetFlash 930C

With high-quality 3D NAND flash and a USB 3.2 Gen1 interface, Transcend's JetFlash 930C flash drive offers advanced technology translating into top performance of 420MB/s read and 400MB/s write speeds, which also generates advanced durability. Move your gaming files in a flash!

Dual USB connector for double the convenience

JetFlash 930C flash drive is designed with a dual connector that supports USB Type-A and Type-C devices. You can easily transfer files among smartphones, computers, and even game consoles!

Note:
1. USB Type-A and Type-C connectors cannot be used at the same time. Mobile devices must support USB OTG.
2. Certain requirements must be met for external storage to save games and apps from game consoles. Please check compatibility before use.

Unparalleled transfer speeds

With its high-quality 3D NAND flash and USB 3.2 Gen1 interface, Transcend's JetFlash 930C flash drive offers advanced technology translating into top performance of 420MB/s read and 400MB/s write speeds, as well as advanced durability. Move your gaming files in a flash!

Metallic radiance

Transcend's JetFlash 930C flash drive comes with an aluminum metallic housing glowing with a soft golden hue. This not only stands for advanced protection, but makes you look chic and stylish even when playing games.
