

## USB 2.0 Card Readers RDP5

The flash drive-inspired RDP5 USB card reader sports a compact, handy design with a built-in USB connector and a bright LED for indicating card insertion and data transfer. The RDP5 supports many different memory card formats, including SDXC cards.

### Compact Power

The RDP5 features powerful data transfer in the palm of your hand. Measuring just under 56mm in length, this card reader is small enough to slip into your pocket or briefcase for superior convenience. Because it's easy to carry, you'll never be without your most important documents, data, and memories on file.

### Additional Features

The RDP5 is ideal for quickly transferring images and video recordings to your computer. You can even use it as a USB flash drive on any desktop or laptop computers. A convenient LED indicator shows card insertion and data transfer activity. This card reader also supports SD and CF built-in security functions.

### SD Card and microSD Card Supported

Transcend's RDP5 card reader comes with an SD card slot, a microSD card slot, and a USB 2.0 connector. Supported devices include memory cards, USB flash drives, digital music players, external hard drives, and solid state drives.
