

## USB 2.0 Card Readers

# RDP8

Astonishingly compact and easy to carry, the versatile RDP8 directly accepts the most popular memory cards currently available, including CF, SD, SDHC, SDXC, microSD, microSDHC, MMC, MMCplus, RS-MMC and MMCmobile series cards.

### Multifunctional card reader design

With multiple card slots, the versatile RDP8 allows you to transfer photos, videos and any digital file from CompactFlash, SD, or microSD memory cards to computers.

### Quick share with the SD card slot

Thanks to the great support of SDXC / SDHC UHS-I and SDXC / SDHC memory cards, you can use RDP8 to transfer the cherished moments directly to your PC, then quickly share to social network platforms.

### An essential for photography enthusiasts

With the built-in CompactFlash card slot, the RDP8 makes the entire post-production processing easier than ever for photographers and videographers.

## USB 2.0 Card Readers

### RDP8

#### Features

- USB 2.0 interface
- Multifunctional card reader with SD, microSD, and CompactFlash card slots
- Compact and portable design
- Easy plug and play installation
- Download the RecoveRx data recovery software from Transcend's official website

#### RecoveRx software

Transcend's RDP8 card reader comes with RecoveRx software – a user-friendly application that allows you to conduct an in-depth search within your storage device for traces of erased data that can be recovered. Supported devices include memory cards, USB flash drives, digital music players, external hard drives, and solid state drives.
