

Sharp Video Anytime

Wi-Fi connectivity and exclusive App 

Dashcam | DrivePro™ 200

Day or night, the DrivePro 200 dashcam is a dependable eyewitness on the road. The DrivePro 200's 7 high-quality wide angle glass lenses capture crystal-clear Full HD video for display on a bright 2.4" color LCD screen for live view and playback, making it easier than ever to gather reliable evidence and examine events. Easy to install and operate, the DrivePro 200 includes wireless smartphone connectivity to let you stream, download, and share videos.

7 glass lenses for ultra sharp images

Emergency recording

- F/2.0 aperture for low light conditions – great for both day and night driving
- 160° viewing angle for wider perspective of on-road events
- Bright 2.4-inch color LCD screen for live view and video playback
- Built-in G-Sensor to detect impact and protect current recording
- Handy snapshot to take photos while recording

Includes a 16GB microSD memory card

DrivePro™ 200
