

Mobile Storage for Android Devices

JetFlash[®] 340

Transfer files to and from your mobile device with ease while on the go. Transcend's JetFlash 340 USB OTG Flash Drive expands the capacity of your Android device and transforms the way you carry and exchange personal digital media.

Dual access, double the convenience

On one side, a micro USB interface lets you connect to mobile devices that support USB On-The-Go. On the other side, a standard USB interface allows easy transfer of files to any USB port-equipped devices.

Great compatibility

The JetFlash 340 works with various devices, including desktops, Ultrabooks, notebooks, TVs, Blue-ray players, DVD players, stereos, digital photo frames, and game consoles.

RoHS compliant

The JetFlash 340 USB OTG flash drive features a streamlined, easy-to-grip contoured design, providing a better user experience when plugging and unplugging.

Mobile Storage for Android Devices

JetFlash[®] 340
