

DOUBLE THE SAFETY with DUAL LENS CAMERA

Car Video Recorder | DrivePro™ 520

For those who extremely care about the road and personal safety, the DrivePro 520 is an ideal dual lens car video recorder that provides its drivers and passengers with optimum protection. Featuring a 130° view angle, a large f/1.8 aperture and 6 glass lens, the front-lens camera of the DrivePro 520 captures crystal-clear Full HD 1080P (30fps) videos with every detail happening on the road. The 180° rotatable rear-lens comes with the four Infrared LEDs, allowing you to record sharp in-car videos at night or in low light conditions.

Infrared LEDs Make Videos Sharp at Night*

Instantly View and Download Videos via Wi-Fi

- Motion G-Sensor detects impacts and automatically protects current recording
- F/1.8 aperture and 130° viewing angle for clear and smooth 1080P recordings
- Handy snapshot to take photos while recording
- Exclusive DrivePro New App for downloading and streaming videos
- Free 32GB microSDHC Class 10 UHS-I 600x MLC Memory Card included

* Footage recorded with infrared LED will be in grayscale
