

DOUBLE THE SAFETY with DUAL LENS CAMERA

Dashcam | DrivePro™ 520

For those very concerned with safety on the road, the DrivePro 520 is an ideal dual lens dash camera that provides drivers and passengers with optimum protection. Featuring a 130° viewing angle, a large $f/1.8$ aperture, and 6 glass lenses, the front lens captures crystal-clear Full HD 1080P (30fps) videos, while the 180° rotatable rear lens is equipped with four Infrared LEDs, allowing you to record sharp in-car videos at night or in low-light conditions. Easy to install and operate, the DrivePro 520's wireless connectivity lets you stream, download, and share videos whenever needed on your mobile devices.

Infrared LEDs Make Videos Sharp at Night*

Instantly View and Download Videos via Wi-Fi

- Built-in G-Sensor to detect impact and protect current recording
- $f/1.8$ aperture and 130° viewing angle for clear and smooth 1080P recordings
- Handy snapshot to take photos while recording
- Exclusive DrivePro App for downloading and streaming videos
- Emergency recording to protect important videos from being overwritten

* Footage recorded with infrared LED will be in grayscale

Ordering Information

TS32GDP520A (Adhesive Mount)
TS32GDP520M (Suction Mount)

Includes a 32GB High Endurance memory card

Dimensions	96.2mm x 64.5mm x 43.9mm (3.79" x 2.54" x 1.73")
Weight	108g (3.81oz)
Display Type and Size	2.4" color LCD
Lens	Front: $f/1.8$, 130° wide angle; Rear: $f/2.8$, 110° angle
Power Supply	Input: DC 12V~24V; Output: DC 5V 1A
Video Formats	H.264 (MOV: up to 1920x1080P 30fps)
