DUAL ACCESS

USB Flash Drives | JetFlash® 890

Meeting the new generation of USB Type-C technology, the JetFlash 890 USB 3.1 OTG Flash Drive features a dual connector - a reversible USB Type-C connector and a regular USB 3.1 (Gen 1) connector*, that is designed to transfer your photos, music and videos between the latest USB Type-C port equipped devices and you PC, Notebooks and Mac computers including MacBook.

One-time plugin with the reversible USB Type-C connector

- Compact and rugged thanks to COB (Chip On Board) manufacturing
- Faster and more reliable than Wi-Fi, Bluetooth, and 3G/4G
- Completely resistant to dust and water
- Offers free download of Transcend Elite & RecoveRx
- Five-year Limited Warranty

*Both USB connectors cannot be used at the same time.
