

The Fastest Ever.

Supports UHS-II SD Cards
All-in-one Design
Super-fast Transfer Speeds

Card Readers | RDF9 USB 3.1/3.0 UHS-II Card Reader

Taking full advantage of the UHS-II technology, the USB 3.1/3.0 UHS-II Card Reader unleashes the high-speed performance of SDXC / SDHC UHS-II memory cards. Equipped with USB 3.1 Gen 1 interface, the RDF9 delivers the blazing fast read and write speeds of up to 260MB/s and 190MB/s accordingly*, facilitating high resolution video and RAW image transfers and post-production processing for professional photographers, videographers and graphic designers. Additionally, it also boasts the CompactFlash, microSD and Memory Stick card slots, offering you to transfer different types of digital files with one compact card reader.

Fast transfer speeds to facilitate post-production

Multi-Card Reader supports the most popular memory cards

- Ideal for transferring high-resolution videos and RAW images
- Compact and easy-to-carry. Backwards compatible with USB 2.0
- Convenient LED indicator shows card insertion and data transfer activity
- Supports SD & CF built-in security functions**

*Based on USB 3.1 specification. Speeds may vary due to host hardware, software and usage.

**Not all cards support built-in security functions. Please check the memory card manufacturer for compatibility details

Ordering Information

TS-RDF9

Dimensions	67.6mm x 45mm x 15.2mm (2,66 x 1,77 x 0.6 inches)
Weight	32g (1.03oz)
Connection Interface	USB 3.1 Gen 1 / USB 3.0 (backwards compatible with USB 2.0)
