USB 3.1 Gen 1 Flash Drives

JetFlash® 850

Transcend's JetFlash 850 flash drive utilizes the next-generation Type-C connector with USB OTG (On-The-Go) technology for use with devices featuring USB Type-C ports. The device sports an ergonomic curve grip design. With a free download of Transcend Elite software for PCs and application for mobile devices included, you can more easily manage and back up files stored on the JetFlash 850.

Reversible USB Type-C connector

Transcend's JetFlash 850 comes with the latest USB Type-C connector for greater ease of use. It is reversibly-oriented and compatible with next-generation devices, such as smartphones, tablets and computers.

Ergonomic curve grip design

Transcend's JetFlash 850 features an ergonomic design, with a slightly curved grip for easier, more natural user experience. A lanyard hole is provided for attaching the device to your suitcase or bags, making the JetFlash 850 readily accessible while still looking trendy.

Splashproof and dust resistant

Using innovative COB (Chip on Board) technology and assembled with a metallic casing, the JetFlash 850 is completely resistant to dust and splash while remaining lightweight.

USB 3.1 Gen 1 Flash Drives
