

Body Cameras
DrivePro Body 60

Transcend's DrivePro Body 60 body camera features a compact camera unit tethered to a control unit, allowing for a wide variety of attachment options. Tailor-made for public safety professionals, the rugged and highly responsive DrivePro Body 60 allows high-definition evidence collection and wireless data previews and transfers.

Outdoor

Indoor

High-sensitivity image sensor

The DrivePro Body 60 features a high-sensitivity image sensor to capture high-resolution images with superb, rich color even in low light. Images are highly detailed with low noise and excellent balance between light and dark areas.

Tethered camera unit

The DrivePro Body 60 is composed of a control unit tethered to a compact camera unit that can be securely mounted on shoulder harnesses or helmets, making it a solid choice for filming in the dynamic environments public safety officers work in every day.

Quick and easy connectivity

Designed to work with Transcend's DrivePro Body App, the DrivePro Body 60 supports both Bluetooth wireless technology for basic setup and switching modes, and Wi-Fi connectivity for live streaming of videos on iOS and Android mobile devices.

By connecting the DrivePro Body 60 with iOS devices, you can control the camera hands-free with Siri voice control. Instant and easy access to the device facilitates your work!

Body Cameras

DrivePro Body 60

Features

- Built-in GPS receiver for geotagging videos and images
- Built-in battery for up to 10 hours long recording time
- Compliant with IP67 and U.S. military standards to be dust-proof, waterproof, and shock resistant
- Built-in Wi-Fi function for mobile live streaming
- Connect to mobile devices easily and quickly

DrivePro Body Toolbox

DrivePro Body Toolbox allows you to securely manage videos and snapshots, adjust settings, format internal storage, and upgrade firmware.

DrivePro Body App

DrivePro Body App is designed for use with DrivePro Body cameras featuring Wi-Fi connectivity. Manage cameras and view recordings from your mobile device.
