

Body Cameras  
**DrivePro Body 60**

Transcend's DrivePro Body 60 body camera features a compact camera unit tethered to a control unit, allowing for a wide variety of attachment options. Tailor-made for public safety professionals, the rugged and highly responsive DrivePro Body 60 allows high-definition evidence collection and wireless data previews and transfers.

**Outdoor**

**Indoor**

**Exmor™ high-sensitivity image sensor**

The DrivePro Body 60 features an Exmor™ sensor to capture high-resolution images with superb, rich color even in low light. Images are highly detailed with low noise and excellent balance between light and dark areas.

Note: Exmor is a trademark of Sony Corporation.

**Tethered camera unit**

The DrivePro Body 60 is composed of a control unit tethered to a compact camera unit that can be securely mounted on shoulder harnesses or helmets, making it a solid choice for filming in the dynamic environments public safety officers work in every day.

**Bluetooth and Wi-Fi-enabled, Quick Connect to Mobile Devices**

Designed to work with Transcend's DrivePro Body App, the DrivePro Body 60 supports both Bluetooth for basic setup and switching modes, and Wi-Fi connectivity for live streaming of videos on iOS and Android mobile devices.

By connecting the DrivePro Body 60 with iOS devices, you can control the camera hands-free with Siri voice control. Instant and easy access to the device facilitates your work!

## Body Cameras

# DrivePro Body 60

### Features

- Exmor™ image sensor
- Built-in GPS receiver for geotagging videos and images
- Built-in battery for up to 10 hours long recording time
- Compliant with IP67 and U.S. military standards to be dust-proof, waterproof, and shock resistant
- Built-in Bluetooth to quickly connect to mobile devices
