

# Intelligent digital evidence management

## Body Camera | DrivePro Body Control Center

Transcend's DrivePro Body Control Center is a digital evidence management system designed specifically to work with the TS-DPD6N networked docking station. With up to 16TB storage capacity, this secure, centralized server can store more than 4,000 hours of 1080P video recordings.

Account management

Device management

- A digital evidence management system
- Up to 16TB storage capacity
- Supports network-based docking station
- NAS-grade HDDs inside
- Categorize files for users to quickly locate the video clip they are looking for
- Files past their retention period can be deleted automatically
- Advanced permissions management enabling fine-tuned access control
- Simultaneous connection of up to two docking stations or 12 devices in total

Note: Transcend's TS-DPD6N docking station only supports the DrivePro Body 30 and DrivePro Body 60 cameras.

### Ordering Information

TS-DBN1-16T	16TB
TS-DBN1	0TB (Without hard drives)

<b>Dimensions</b>	210.8mm x 129.4mm x 87.8mm (8.30" x 5.09" x 3.46")
<b>Weight</b>	2.3 kg (81.13 oz)
<b>CPU Type</b>	ARM Cortex-A7 Dual-Core 1.1GHz
<b>RAM</b>	DDR3 512MB
<b>LAN Port</b>	1 Gigabit Ethernet port
<b>Storage Capacity</b>	0TB, 16TB
<b>Power Supply</b>	100-240V AC, 50/60Hz
<b>Internal Hard Drive</b>	SATA III 3.5" NAS HDD*2
<b>Operating Temperature</b>	5°C (41°F) to 35°C (95°F)
<b>Certificates</b>	CE, FCC, BSMI
<b>Warranty</b>	Two-year Limited Warranty
