Dashboard cameras and security cameras require stable recording performance over long periods of time; it is this that ensures critical moments are captured. Transcend's High Endurance microSDXC 350V memory cards are capable of standing up to 120,000 hours of Full HD video recording, meeting the demands of write-intensive applications where storage capacity and durability performance are desperately required.

Transcend's microSDXC 350V memory cards offer reliable performance, making them well-suited to write-intensive applications, and ensuring evidence is clearly recorded in Full HD without dropped frames.

Transcend's microSDXC 350V memory cards come in up to 512GB capacity, plenty of space for thousands of snapshots and hours of Full HD videos to be recorded, meaning you can stop worrying about running out of storage space.
